

UG 9233 F1

Mid-season hybrid typical dual purpose, fresh market, sun-dry tom.

Large fruited 100-115 g.

Very productive thanks to good vigor plant with very good cover.

Multy-pick hybrid, it gives a very high harvest.

Firm fruits with super red color.

Very pulpy fruits, actually one of best.

For "sun-dry" tomato production.

UG 9233 F1 has proven very good adaptabilty to hot weather condition.

HR*/IR*: V, Fol 0-1, N, Pst, TSWV.
