

UG 14014 F1

Mid season hybrid suitable also for late season harvest.

Medium vigor, good cover and very high yield.

Very uniform square-oval fruits.

Deep red color, thick flesh.

Average weight 60-70 g.

High brix (over 5°).

Very firm fruits with high overripening resistance due to the "Field Storage" gene.

HR*/IR*: V F01 0-1 N, Pst, TSWV.
