

CILIEGINO 2000 F1

Thanks to its general characteristics it has immediately found a positive acceptance with the most important processors and with the traders also for fresh market consumption.

Vigorous plant, with short and firm internodes and very good leaves cover.

The fruits are round, uniform, average weight 15-20 g. Very deep red color at full maturity (2,1-2,3 GRD).

Very good resistance to cracking.

The flavor is typical, sweet, Brix around 7,0°.

HR*/IR*: ToMV, V, Fol 0-1.
