

Hybrid Tomato Processing Sq/Rd **UG 16112 F1**

Mid-season hybrid with "EFS" Extended Field Storage (105 days).
Vigorous plant, with good cover and good healthy appearance. Jointless.
Fruits average weight 75-85 g.
Very good color uniformity. High Brix (5,2°-5,3°).
Thanks to its "EFS" character, UG 11612 is one of the most reliable hybrid
for mid and late harvest.
HR*/IR*: V, Fol 0-1, N, Pst, TSWV - Jointless.
