

Hybrid Tomato Processing Sq/Rd **UG 14014 F1**

Mid season hybrid suitable also for late season harvest.
Medium vigor, good cover and very high yield.
Very uniform square-oval fruits.
Deep red color, thick flesh.
Average weight 60-70 g.
High brix (over 5°).
Very firm fruits with high overripening resistance due to the "Field Storage" gene.
HR*/IR*: V Fol 0-1 N, Pst, TSWV.
